## Hippo Summer Camp

*One summer. Two pathways. One unforgettable experience.*

## A SUMMER IN QATAR

Join Hippo students from around the world for a premium family study holiday in the heart of Qatar, where young learners improve their English in an international environment while parents enjoy comfort, culture, and quality family time in one of the Middle East's most fascinating destinations.

Set in Doha, the programme is hosted at the Hilton Doha, offering the ideal balance between high-quality English learning, cultural discovery, and relaxation. It is a safe and inspiring experience designed for families.

Students take part in engaging and interactive English lessons, focused on building confidence, communication skills, and fluency. Lessons are combined with creative activities in an international setting, encouraging meaningful interaction with peers from different cultures.

While students attend their English programme, parents can explore Doha's blend of tradition and modernity - from museums and traditional markets to waterfront promenades - or relax in the hotel's five-star facilities. Family-friendly excursions and shared activities complete the experience.

## PLAY-OFF QUALIFIERS

Designed for Hippo students who competed in the National Finals and narrowly missed direct qualification for the World Finals. The programme includes English lessons, exam preparation, and an official English exam at the end, offering a new qualification opportunity.

---

## HIPPO SUMMER CAMP

HSC is a non-competitive English study holiday focused on language improvement, confidence-building activities, and cultural experiences, with no final exam.

If the National Finals 2026 have not yet taken place, students may book the programme as Hippo Summer Camp and upgrade to Play-Off Qualifiers later, if eligible.
